The Board of Trustees announces the appointment of Dr. John English Deitrick as Magee Professor of Medicine and the head of the Department of Medicine.

Dr. Deitrick was Associate Professor of Medicine at Cornell University. He is also Director of Study, Survey of Medical Education, American Medical Association and Association of American Medical Colleges.

An article of Dr. Deitrick's plans for the Medical Department during the coming year will appear in the October Bulletin.

LEANDRO M. TOCANTINS, M.D.

It was announced today by the Board of Trustees of the Jefferson Medical College that Dr. Leandro M. Tocantins, formerly Associate Professor of Medicine at Jefferson has been appointed Professor of Clinical and Experimental Medicine and acting Head of the Medical Department. Dr. Tocantins was born in 1901 in Para, Brazil, attended Cornell University (1919-1922), graduated from Jefferson Medical College in 1926 and served a one year rotating Internship in the Chestnut Hill Hospital. Between 1930 and 1937 he was a J. Ewing Mears Research and Teaching Fellow in the Department of Medicine of Jefferson Medical College. He was appointed Associate in Medicine in 1936, Assistant Professor of Medicine in 1939 and Associate Professor of Medicine in 1941. He is Assistant Physician at Jefferson Hospital and Assistant Director of the Division of Hematology. Since 1950 he is Physician to the Pennsylvania Hospital and head of the Department of Hematology of this Hospital. He has served as Consultant to the Brookhaven National Laboratory (Atomic Energy Commission), to the U. S. Army and is Consultant in Hematology to the U. S. Naval Hospital in Philadelphia.

Dr. Tocantins is Associate Editor of *BLOOD*—the Journal of Hematology, and is on the Editorial Board of the *American Journal of Physiology*. He was (1946-1948) Chairman of the Section on Medicine and, since 1948, Secretary, of the College of Physicians of Philadelphia. He is now Associate Director of the Postgraduate Institute of the Philadelphia County Medical Society, a member of the Sub-Committee on Blood Coagulation of the National Research Council, and of the following Societies:

American Society of Clinical Investigation, American Physiological Society, Society of Experimental Biology and Medicine, American Medical Association, American Association for the Advancement of Science, International So-

ciety of Hematology, Societe d'Hematologie Francaise, College of Physicians of Philadelphia, Pennsylvania State Medical Society, Philadelphia County Medical Society, Alpha Omega Alpha and Phi Chi Medical Fraternities.

He contributed sections to Duncan's "Diseases of Metabolism," Riemann's "Medical Treatment," Sunderman and Boerner's "Normal Values in Clinical Medicine" and papers on hemorrhagic diseases, blood platelets, prothrombin, blood coagulation, absorption of substances through the bone marrow and pathogenesis of hemophilia. He was largely responsible for the introduction of the method of injecting blood and fluids through the bone marrow in patients whose veins are not available for such injections.

PROFESSOR OF PEDIATRICS

Dr. Charles F. McKhann has been appointed Professor of Pediatrics and head of the department at the Jefferson Medical College.

Dr. McKhann formerly was an Associate Professor of Pediatrics and Communicable Diseases at the Harvard Medical School and Harvard School of Public Health.

He was graduated from the University of Cincinnati College of Medicine and is a consultant in pediatrics to the Surgeon General of the Army and a member of the Medical Sciences Division of National Research Council.

The new department head previously held professorships at the University of Michigan Medical School, Ann Arbor, and at the Western Reserve University School of Medicine, Cleveland.

Dr. McKhann was a founder of the Society for Pediatric Research and is a member of the American Pediatric Society and the American Academy of Pediatrics. He is credited with doing considerable research in the field of handicapping disorders of children.

CHARLES F. MCKHANN, M.D.

THE ANNUAL ALUMNI DINNER

The Annual Alumni Dinner was held Wednesday, June 11, 1952, at the Bellevue-Stratford Hotel, with an attendance of over 800. Dr. Marshall C. Rumbaugh, President of the Alumni Association, acted as toastmaster and presided in a most gracious manner.

Dr. Rumbaugh sketched the progress of the Alumni since its founding by Dr. Samuel D. Gross in 1870. He spoke of the outstanding loyalty which makes it one of the strongest medical alumni associations in the world. He marvelled at the constant devotion of the members and their interest in their Alma Mater, their ever-ready help to strengthen this great institution. He spoke of their pride in the faculty and with wonder and amazement of the accomplishment of the Board of Trustees.

He then introduced Mr. Percival E. Foerderer, Chairman of the Board of Trustees.

Address of Mr. Percival E. Foerderer

"Mr. President, Gentlemen of the Alumni, and Guests:

"You often hear the phrase 'The Board of Trustees of the Jefferson Medical College'. It is said and I think truly — that these men have had and are having a prominent influence in shaping the affairs of your Alma Mater.

"It is about the past and present organization of the Board of Trustees, together with some of their activities, that I wish to address a few remarks to you this evening.

"Dr. George McClellan, after conceiving the idea of founding a second medical school in Philadelphia, learned that in order to secure a charter it was necessary to be affiliated with an established college — so he made a proposal to the Board of Trustees of the Jefferson College at Cannonsburg, Pa., and asked them to assume guardianship of a medical branch in Philadelphia. His proposal met with their approval, and in June, 1824, Articles of Union were drafted. The Trustees of the strict Presbyterian College in Cannonsburg believed that by establishing a medical branch in a distant city, the cause of general education would thereby be promoted — and as that was their principal object in life — they freely accepted the new trusteeship and gave birth to your Alma Mater: The Jefferson Medical College.

"Unfortunately, but as was to be expected, this young offspring experienced growing pains. To a great extent, these pains were due to the lack of supervision by the Trustees because of the distance separating the two schools.

To lessen some of the difficulties confronting the Jefferson Medical College, it became necessary in 1826 for the State Legislature of Pennsylvania to pass an Act which authorized the Trustees of the Jefferson College at Cannonsburg to elect ten additional Trustees 'who may be residents of the city or county of Philadelphia', with such powers as

1. Supervising the medical branch in Philadelphia;
2. Holding public commencements;
3. Conferring degrees;
4. And even removing medical professors, at their will, provided the general Board of Trustees at Cannonsburg agreed.

"Furthermore, section two of this same Act required each elected member of the Board to take an oath of office before a Judge of the Supreme Court, or President of a Court of Common Pleas within the State, and section five reserved for the Legislature the right of altering, amending or repealing the provisions of this Act. This Act of 1826 laid the foundation for making us a Medical College in fact, not merely in name.

"Twelve years later, by virtue of the Act of 1838, the independence of the Jefferson Medical College of Philadelphia was established upon the basis originally contemplated by its founders and to this day it so exists.

"Due to the importance of the Act of 1838, I wish to quote from it as follows:

'That the Medical College of Jefferson College be, and hereby is, created a separate and independent body corporate, under the name, style and title of 'The Jefferson Medical College of Philadelphia', with the same powers and restrictions as the University of Pennsylvania: The present additional Trustees, chosen in pursuance of the Act of April 1826, to be the Trustees of the College created by this section, with power to increase this number to fifteen.'

"The foresight of the founders and that of the leaders of your Alma Mater, during the first fourteen years of her existence, was remarkable if one realizes that in principle they laid the basis upon which our institution has since been governed. They vested in the Board of Trustees the necessary powers to run a private institution with the least amount of friction. I do not mean to say that there has been no friction over the years because there has been. Especially during the 1838-1839 College session there were great disturbances in the College and it became necessary for the Board of Trustees, in the interest of the future

welfare of the College, to dissolve its faculty and to select a new one. On the whole, however, the energies of the members of the Board of Trustees have been devoted to the maturation, the expansion and the maintenance of the leadership of Jefferson in the medical world.

"Time will not permit me this evening to mention specifically the role which various members of the Board of Trustees, over the years, have played in trying to accomplish their objective; namely, a greater Jefferson Medical College, and it is not necessary for me to do so as each of you here tonight has had an opportunity to observe the College's progress and growth over a varying period of time.

"Many of you recall the days when the College building was ill-equipped and inadequate, and when there was no Curtis Clinic: no Thompson Annex: and a great many of you have learned within the last few weeks — or days — of our latest development, a 300-bed addition to the hospital, which is to be erected on the excavated area adjacent to the College and Thompson Annex. When this is completed we will have about 1,400 beds including the Barton Memorial on South Broad Street and White Haven Sanatorium in the Poconos.

"Tonight, in the firm belief that the objectives of the Alumni Association of Jefferson Medical College since its founding in 1870 are identical with those of the original Board members, and also of the present members, I believe it would not be amiss to spend the rest of my time telling you of the men who comprise our present Board of Trustees. It is they who, with your continued loyal support, must guide Jefferson's future.

"The present Board of Trustees, on which I have the privilege of serving as Chairman, consists of thirteen members. The fourteenth, Mr. Thomas D. M. Cardeza, died last week, on June 6th, after having been incapacitated for several years. Mr. Cardeza was elected to the Board in 1939. During his active days he became interested in blood diseases, especially leukemia, and established the Charlotte Drake Cardeza Foundation in support of the Department of Hæmatology. He was a loyal and staunch Jeffersonian.

"So that you may have better knowledge of these men, I shall relate briefly only some of their accomplishments and shall refer to them in the order of seniority as Board members.

Mr. Lessing J. Rosenwald, elected in 1928, was formerly Chairman of the Board of Sears, Roebuck and since retirement has been very active in civic

and philanthropic organizations. He is an authority on art, particularly etching.

Mr. J. Howard Pew, elected in 1935, a nationally known industrialist, started his business career as an engineer with the Sun Oil Company and advanced through the ranks to its presidency from which he retired in 1947, having made his company one of the outstanding ones in the petroleum industry. He is president of the Board of Trustees of Grove City College.

Mr. Brandon Barringer, elected in 1936, is Chairman of our Finance Committee. He is a banker and an industrialist and is Vice President and Treasurer of Curtis Publishing Company and Director on the Boards of Industrial, Public Utility, and Insurance companies.

During World War II he entered the Air Corps as a Captain and became one of the close advisors to General Arnold, and at the close of the war he was mustered out as a full Colonel.

He is of the second generation on our Board of Trustees.

Mr. Horace P. Liversidge, elected in 1938, is Chairman of our College Committee. Starting his career as an inspector with the Edison Electric Light Company, he advanced to the presidency of the Philadelphia Electric Company and has been Chairman of its Board and Chief Executive Officer since 1947. He is a director on the Boards of numerous insurance, bank and industrial companies.

He is Trustee and Chairman of the Executive Committee of Drexel Institute. No civic undertaking is launched without his counsel.

Mr. Van Horn Ely, Jr., elected in 1940, is Chairman of our Property Committee. He is Vice President of the Philadelphia Suburban Water Company and a Director of public utility companies and banks. He is of the second generation on our Board.

Mr. William Potter Wear, elected in 1941, represents the third generation on our Board, being the grandson of William Potter, one of Jefferson's outstanding Presidents. Mr. Wear is Chairman of the Joint Committee on Professorial Replacements.

He is a newspaper publisher and Board Director of various companies.

Mr. Joseph Lees Eastwick, elected in 1943, is President of James Lees and Sons, manufacturers of carpets and rugs. He is a director of several banks

and insurance companies and is Chairman of our special committee on Expansion and Development.

Mr. Edwin King Daly, elected in 1946, is Chairman of our Hospital Committee. He is president of Horn and Hardart of New York and the Horn and Hardart Baking Company, a Director on the Boards of insurance companies, the Children's Heart Hospital, and advisor to the St. Clare Hospital.

Mr. Norman F. S. Russell, elected in 1948, started in the banking business and since 1910 has been with the United States Pipe and Foundry Company, of which he has been Chairman of the Board since 1948.

He is a Director in banks, industrial, railroads and insurance companies. He is a very active member of the Board of Trustees of Colgate University.

Mr. James M. Large, elected in 1950, started his business career with the Tradesmen's National Bank as a clerk and advanced through the various positions to its Presidency in 1947.

He is a Director of insurance and banking institutions and of the Fife Hammil Memorial Health Center with which Jefferson is affiliated. He is also vice president of the Community Chest.

During World War II he served in the Navy as a Commander and was decorated with the Purple Heart and Silver Star.

Mr. D. Hays Solis-Cohen, elected in 1951, is an attorney, the son of Professor Solomon Solis-Cohen, one of Jefferson's illustrious sons. He is also a director of commercial and manufacturing corporations.

Mr. Revelle W. Brown, elected in 1952, started as a laborer with the Baltimore & Ohio Railroad and progressed to the Presidency of the Reading Company and is now Chairman of its Executive Committee.

He is a Director of the Boards of banking and insurance companies and is now devoting much of his time to civic undertakings such as the United Fund, Boy Scouts and is Campaign Chairman of Jefferson's Hospital Building Fund.

"Gentlemen of the Alumni, the men comprising your Board of Trustees are nationally known in their chosen fields of endeavor. Their experience in industry, business, finance and law combined with that in educational and civic activities, provides Jefferson with a cross section of knowledge that is invaluable.

"With unity of purpose they give their time, interest and best judgment, unselfishly and without stint to advancing the interests of Jefferson, which has sent forth so many great physicians into all parts of the world to heal mankind.

"In conclusion, as their Chairman, I should like to say for myself and the members of our Board that we feel it a privilege to share with you in the maintenance of Jefferson's glorious heritage and the advancement of her prestige."

Dr. Rumbaugh then introduced Vice Admiral James L. Kauffman, U.S.N. (Ret.), President of the Jefferson Medical College.

Address of President James L. Kauffman

"Alumni of Jefferson:

"In so far as the administration of Jefferson is concerned, I think we are continuing to make progress; that we are not simply living on the wonderful traditions of the past. We are particularly fortunate in having a splendid Executive Faculty and Staff, who not only work many hours, but whose loyalty to Jefferson is unsurpassed.

"The operation of this second largest medical college in the United States from an economic standpoint is increasingly difficult. Fortunately, our Board of Trustees — all outstanding men of affairs — are deeply interested. During the past year, the Board authorized a survey of the College, Hospitals, Clinic, etc., by the firm of Booz, Allen & Hamilton, management consultants. And it is hoped that we will benefit by the recommendations that have been made with an increase in operational efficiency and economy.

"I dislike coming before you each year and quoting figures. But I think some of them will be of great interest to you.

"When I came to Jefferson, at the end of the fiscal year 1949, the annual expenditures for the college for that year were a little over \$700,000. For the year just ended on May 31, our expenditures had increased to \$1,128,000 or an increase of 59%. And our Budget for the coming year is estimated at \$1,300,000 — an increase of 83% over the year of 1949.

"It is also noteworthy that the appropriation received from the State in 1948 and 1949 was \$294,000 a year. For the biennium 1949-1951, the appropriation was \$438,000 a year, and for the current biennium — 1951-1953 — the appropriation is \$750,000 per year, or an increase over 1949 of 155%.

"At this time I should like to express our appreciation to Governor Fine, to Senator Chapman and Senator Stiefel, of the Senate Appropriations Committee, and to Representative Wood of the House Appropriations Committee, for their sympathetic interest in the affairs of Jefferson.

"Jefferson is also indeed fortunate in having your support, as without your help it would have been impossible to increase the salaries and the number of our personnel in the pre-clinical departments. Over the last three years, this increase in salaries and new personnel has cost a little over \$264,000, financed almost entirely by your Annual Giving Funds — the net amounts received having totaled for the three years, \$252,000. I can only express our very deep appreciation to all of you for these splendid contributions.

"In view of the fact that I will ask your assistance in helping us obtain our State appropriation, there are certain other figures which you will want to hear. In Pennsylvania, there are approximately 14,513 practicing physicians, of whom 2,760, or 19%, are Jefferson graduates.

"Of these Jefferson graduates, 57% are in general practice, and 28½% in the so-called 'Rural Districts'. We have Jefferson graduates practicing in all but three counties of the State. Those having no graduates are two of the smallest — Cameron and Fulton — although we do have one doctor — and I think the only one — in the smallest county, namely, Forest County.

"The number of graduates per county varies — from 877 in Philadelphia, to 168 in Allegheny and 138 in Luzerne.

"I give you these figures because I should like to ask you — each one of you — who are presently practicing in the Commonwealth of Pennsylvania to call on your Representatives in the State Legislature and present to them the accomplishments of Jefferson and her graduates. We need simply a statement of facts: That we are not only turning out splendid graduates, but that our research and hospital work is adding greatly to the health, welfare and contentment of the people in this State and the Country.

"I know that I speak for the Board of Trustees and for the Dean and the Faculty — and very definitely for the administrative organization — when I tell you that we are most anxious to keep in close touch with our Alumni. If you have any ideas regarding the administration of your Alma Mater, we welcome hearing from you. And we will do everything we can to continue to improve the work of this outstanding Medical College."

Following President Kauffman's address Dr. Rumbaugh presented Dean George A. Bennett, who said:

"I am delighted to be able to again greet you on this happy occasion. It seems incredible that a year has passed since we last met in similar good fellowship.

"It is always with a feeling of elation that I look about the room and see so many of you, knowing well that more than a few have put themselves to great inconveniences in coming here to meet with your fellow alumni in paying homage to your Alma Mater.

"To see so many class reunions is particularly inspiring; I see fifty-five years, fifty years, forty-five years, and on down to five years.

"This symbol of your devotion to Jefferson always touches me deeply. I am also always deeply moved by the College's traditions and her ever increasing attainments. It is of these attainments that I wish to talk to you tonight."

Dr. Bennett then gave an informative and comprehensive summation of the development and progress of the College.

Dr. William H. Ziegler, the oldest living Jefferson Alumnus in Philadelphia, was introduced. He is 97 years old and was graduated 72 years ago. In behalf of the Alumni Association, Dr. Rumbaugh presented to him an illuminated scroll in recognition of his many years of fine service in the medical profession.

Dr. Rumbaugh then introduced the "Old Guard" and asked them to stand: Dr. William H. Ziegler, Dr. Joseph H. Cloud, Colonel Frederick H. Mills and Dr. J. Albert Lethiecq.

He then presented the class of 1892 which was celebrating its 60th Reunion.

Dr. Joseph H. Cloud's son, Laurence P. Cloud, is a member of the graduating class of 1952, so Dr. Rumbaugh asked him to stand.

DR. RUMBAUGH holds the microphone for DR. HEISER '97

Dr. Rumbaugh then called on the members of the class of 1897, the 55th Reunion Class, to stand, Dr. Leighton F. Appleton, Chairman, whom Dr. Rumbaugh said was one of his teachers. He then asked Dr. Victor Heiser, an eminent member of the class, to come to the microphone. Dr. Heiser gave a very interesting but far too short talk, interspersed with several very much appreciated jokes.

The 50-year reunion class of 1902 was introduced. Certificates in recognition of their 50th year of graduation have been mailed to every member of the class. Dr. Rumbaugh announced that two members of this class had been his teachers, Dr. Beardsley and Dr. Shannon. Dr. Bennett then presented gold lapel buttons to the members of the class. All present joined in the congratulations to the 50th reunion class.

Dr. Rumbaugh called on each of the five year reunion classes to stand. 1907, 1912 (who had three fathers with four sons in the graduating class — Dr. James B. Carroll, 1912, son James F. Carroll, 1952; Dr. Nicholas Sanabria Fernandez, 1912, sons Arturo E. Sanabria and John F. Sanabria, both in the senior class; Dr. Albert H. Wilkinson, 1912, son Albert H. Wilkinson, Jr., graduating 1952. The Class of 1917, 35th Reunion, with two fathers — Dr. Joseph F. Comeford, son James P. Comeford, 1952, and Dr. Nathan Zweifler, son Nathan J. Zweifler, 1952. The Class of 1922, 30th Reunion, with one father, Dr. Maurice Saltzman, son Herbert A. Saltzman, 1952. The Class of 1927, 25th Reunion; the Class of 1932, 20th Reunion; the 15th Reunion Class of 1937; the 10th Reunion Class of 1942, and the 5th Reunion Class of 1947.

Dr. Rumbaugh expressed his great appreciation for the splendid work the Reunion Chairmen had done.

He then introduced the President of the Class of 1952, William K. Carlile, who, in speaking for the class, said they felt a deep and sincere gratitude to the College and its faculty for the fine training they had received. He said he knew that the new members of the Alumni Association had been inspired by the great loyalty that prevailed through the Association and he felt it was a privilege to have become members of so fine an Organization.

Dr. Wingate M. Johnson, 1908, Professor of Clinical Medicine at the Bowman Gray School of Medicine, Wake Forest College, a member of Dr. Rumbaugh's class, was introduced and spoke on "Jefferson and the Aristocratic Spirit."

The President-elect of our Alumni Association, Dr. Carroll R. Mullen, 1926, was introduced.

Members of Class of 1908 Assemble to Greet their President MARSHALL C. RUMBAUGH

In introducing Dr. Theodore R. Fetter, 1926, Chairman of the Annual Giving Fund, Dr. Rumbaugh spoke of the splendid work Dr. Fetter had done in the campaign. Dr. Fetter thanked the class agents for their vigorous support and congratulated them on the success of their efforts. He then announced the following classes as winners: First, Class of 1908 with the largest amount contributed \$4,812.00, Class Agents Dr. Marshall C. Rumbaugh and Dr. Frank M. Phifer. Dr. Fetter presented the plaque to Dr. Rumbaugh, who accepted it for Dr. Phifer and himself on behalf of the class of 1908. The Class of 1894, Col. Frederick H. Mills, Class Agent, won the plaque for the highest percentage of givers, 100%, and the Class of 1951 under the guidance of Dr. James B. Cox, Agent, had the largest number of contributors, 111 gave out of a class of 161. Dr. Fetter said these classes indeed should be congratulated for their earnest endeavor. It meant a great deal of work for the Agent of each class and a wonderful cooperation from his class.

Dr. Rumbaugh then said, "I want to draw your attention to the Class of 1908. There are 24 of the 1908 class

present tonight. This is the largest number of our class ever to attend an Alumni Dinner. 75 men are living and 48 of these contributed making a total of 60% of the class giving to the Alumni Fund. Because of their faithfulness and loyalty I want to give the name of each one present: Arthur S. Bugbee, Walter M. Bortz, William H. Eister, Thomas A. Fortescue, J. Scott Fritch, Wellington D. Griesemer, Edward F. Hemminger, John W. Holmes, Wingate M. Johnson, Clair B. Kirk, Henry Klinzing, Maxwell Kremens, John B. Laughrey, Edwin R. Lescher, C. Clark Leydic, Frank M. Phifer, Marshall C. Rumbaugh, Cheney M. Stimson, Michael Susman, William C. Wood, Mahlon H. Yoder, and Harry W. Zech."

Dr. Rumbaugh then introduced Dr. John H. Gibbon, Jr., '27, as one who has done so much for the College by his research, his teaching, his travel and his lectures. Dr. Gibbon, representing his class whose members were celebrating their 25th Reunion, spoke of events and changes over 25 years of practice.

Everyone who was present said that the 1952 Alumni Dinner was a very happy occasion.

THE OLD GUARD

The Alumni Banquet, held on the 11th of June, 1952, was a very colorful and impressive event.

There were four at the "Old Guard" Table—Dr. Ziegler from the class of 1880, two from the class of 1894, and myself representing 1892 from that class. There are but eight of us alive. In the graduating class of 1952 there were 160 men, one of whom was my son.

J. H. CLOUD, M.D.

55th REUNION — *The Class of 1897*

At the recent Alumni gathering at the 55th Reunion of the Class, there were present: Heiser, Wiggins, McDowell, Kistler, Scheifly, Balliet, Wagner, Phillips, Appleman.

Phillips read a poem written by one of our late members, John B. Conway. Heiser and others gave account of their activities, and notes with greetings from others of the class who were unable to be present, with some photographs of those living at a distance.

Altogether a very enjoyable gathering was held.

LEIGHTON F. APPLEMAN, M.D.

50th REUNION — *The Class of 1902*

The following men attended the Alumni Dinner, June 11, 1952:

George H. Atkins, Samuel M. Beale, Jr.; Edward J. Beardsley, Thomas F. Duhigg, William W. Fitzpatrick, Simon Kimmelman, Harry E. Kirschner, Joseph A. Maclay, Herbert C. Mundhenk, Louis A. Saltzman, Charles E. G. Shannon, Isaac G. Sieber, Melvin H. Smithgall.

50th Reunion 1902

45th REUNION — *The Class of 1907*

The Class of 1907 held a very enjoyable reunion on June 11, 1952, and the following members of the class were present:

Dr. Victor E. Bonelli, Fort Worth, Texas; Dr. Arthur J Davidson, Philadelphia; Dr. Benjamin P. Weiss, Philadelphia; Dr. Hubert J. Goodrich, McKees Rocks, Pa.; Dr. Henry Wardle (retired), St. Petersburg, Fla. (Dr. Wardle played on the baseball team for 70-year-olds, and is known as the Bobby Shantz of '07).

Gerald D. Bliss, M.D., of Altoona, Pa., writes:

"I am sorry that I cannot be present at this our 45th Class Reunion, but I want you to know that I am thinking of you and hope to attend the next Reunion.

"I am enjoying good health and while semi-retired, I have an active office practice and part-time position as radiologist to the local Veterans' Hospital. Best of luck to you all."

Greetings from Max Meitzner, in Guayaquil, Ecuador.
Dear Classmates of 1907:

It is the third day of June, 1952 and our 45th anniversary. Between yesterday and tomorrow — we live. Can I wish you anything better than that which you, my dear old Friends, wish me. If we could be twenty years younger, we would do many things differently. But one thing I would always try to do again — and that is to study medicine at Jefferson Medical College and be a doctor. For if you look for happiness in life, bring gladness to others; the happiness you give to them returns to your own heart. How often we lose our way because we get off the right road; but we never fail to find our way back to our dear old Alma Mater.

Surely you recall the story of the traveler who, during a storm, stopped at a blacksmith's shop, where the rain was pouring through the roof. When asked why he didn't close

the holes in the roof, the blacksmith replied, "When the sun shines I don't have to close them, and when it rains it is too late to close them". Do you wonder now why I get off the right road sometimes? So I work while it is day, for when night comes no one can work. I live the present, forget the past, and don't think too much of the future.

Cordially yours,

MAX (the Dutchman) MEITZNER

40th REUNION — *The Class of 1912*

The class had a very enjoyable luncheon at the University Club, 17th and Locust Streets. 20 members of the class attended. It was an old-fashioned get-together, with many experiences and stories that had been accumulated over a period of 40 years. 18 attended the Annual Dinner in the evening.

During the afternoon, handpainted cards that were signed by those present were sent to all sick members and five widows and their families.

ROBERT M. LUKENS, M.D.

35th REUNION — *The Class of 1917*

The Class of 1917 had their 35th Reunion on Wednesday, June 11th, 1952. 43 members of the Class were present at a Luncheon in the pink and blue rooms of the Bellevue-Stratford Hotel. A regular meeting was held. Several of the members from out-of-town were heard from.

At 5:30 P. M. there was a Cocktail Party for members and a few guests. At 7:00 P. M. 44 members of the Class attended the Alumni Dinner.

ADOLPH A. WALKLING, M.D.

30th REUNION — *The Class of 1922*

Tuesday, June 10. In the morning three of our classmates presented interesting papers, then followed a luncheon at the Sansom House. The afternoon and evening were spent at the Philadelphia Cricket Club with refreshments and dinner.

Wednesday, June 11. Members of the class attended the Dean's Luncheon, in the afternoon cocktails were served to the members of the class in our suite at the Bellevue-Stratford Hotel. That evening we attended the annual Alumni Banquet in a body.

There were nineteen members of the class who attended.

J. BERNARD BERNSTINE, M.D.

25th REUNION — *The Class of 1927*

The Twenty-fifth Reunion of the class of 1927 was held on Wednesday, June 11, 1952.

(9 A. M.) Registration in the College Alumni Office.

(10 A. M.) Attended clinics in the hospital.

(11 A. M.) Dr. J. Parsons Schaeffer met the class in DBI, just as he did in the fall of 1923. After his usual friendly greeting, he read a paper which we thoroughly enjoyed. Through the generous cooperation of Dr. Schaeffer, the class was able to secure his famous black pointer which he used continuously while lecturing to students from 1914-1948. This pointer was enclosed in a special plastic stand, appropriately marked, and was presented to the college. As Assistant Dean, Robert B. Nye accepted the pointer for the college.

(1 P. M.) Cocktails and luncheon at the Racquet Club. Dr. Schaeffer was our guest of honor and was presented with several gifts. Other guests included Dr. Philip Custer and Dr. John Polansky. A 1952 class book, entitled "Twenty-five Doctored Years", contained 81 letters from the members of the 1927 class, was distributed. This was followed by a grand reunion. There were 68 men from the class at the luncheon, and three guests.

(5 P. M.) Cocktails and oyster bar at the Racquet Club. We had many guests, including members of the faculty and teaching staff 1923-27, etc.

(7 P. M.) Attended the Alumni Banquet. The class of 1927 had the greatest number attending the banquet.

HERBERT M. WIDING, M.D.

20th REUNION — *The Class of 1932*

The Class of 1932 held its 20th Reunion this year and a series of very pleasant events were enjoyed by those present.

On June 10th the class dinner was held at Kugler's Restaurant. Fred Deardorff and his wife arranged for this evening which was well attended by 76 classmates and wives.

On June 11th John Claffey and Raphael Durante were our hosts at the Bala Golf Club and Luncheon and golf. There were three foursomes and five classmates who preferred to relax.

Nate Slessinger arranged for a cocktail party in the Bellevue Stratford Hotel previous to the Alumni Banquet.

LEWIS C. MANGES, JR., M.D.

15th REUNION — *The Class of 1937*

Fifteenth Reunion of the Class of 1937:

Luncheon at the Ritz-Carlton on Tuesday, June 10th, attended by 33 members. Luncheon at the Philadelphia Country Club on the same day by 17 visiting wives; these same ladies then toured the city via the Blue Line Bus Company Tour.

Cocktails and Dinner Dance at the Barclay Hotel Tuesday evening — attended by 43 couples. A most wonderful evening.

Cocktail Party at the Bellevue on Wednesday evening for the men — variously about 35 — preceding the Alumni

Banquet. The ladies also attended a Cocktail Party at the home of Mrs. Louis Merves this same evening, then to dinner at the Penn Athletic Club.

Everyone remarked on the excellence of the entire affair, noting that never had they had such a wonderful time. All will return for the Twentieth.

JOHN J. O'KEEFE, M.D.

10th REUNION — *The Class of 1942*

The Class of 1942 of Jefferson Medical College had its Tenth Reunion on June 11, 1952. A cocktail party for class members and their wives was enjoyed in the Junior Room of the Bellevue-Stratford Hotel preceding the annual Alumni dinner attended by 45 members of the class and 31 wives. The class attended the annual dinner and a special dinner was served for the wives in the Junior Room.

J. WALLACE DAVIS, M.D.

5th REUNION — *The Class of 1947*

A successful party and reunion of the Class of 1947 was held on June 10, 1952, at the Bellevue-Stratford Hotel. This party consisted of cocktails and the formation of a committee for future reunions.

The following men from the class of 1947 attended:

William J. Browning III, Charles B. Hanes, Robert B. Funch, Elmer H. Funk, John Healy, George J. Gensemer, Charles J. Rodgers, Gail G. Li, Louis F. Burkley III, Joseph A. Diorio, Harold A. Wurzel, Robert Yannaccone, William O'Donnell, Alan L. Blumberg, David W. Bostian, Nathan M. Smukler, Martin M. Mandel, William A. Cull.

Unfortunately, many members of the class of 1947 are serving overseas in the Armed Forces and as a result our attendance was small, but our Reunion was wonderful. The committee decided to have a cocktail party each year prior to the Alumni Dinner in June, and on each 5th anniversary to have a large dinner, cocktail party and perhaps a dance.

MARTIN M. MANDEL, M.D.

REPORT OF THE CLASS REUNION DAY and ALUMNI DAY CLINICS PROGRAM

The Class Reunion Day Program was held on Tuesday morning, June 10, 1952, in the Clinical Amphitheatre from 10 A. M. to 12:30 P. M. Fourteen speakers appeared upon the program representing five year reunion classes from the fifth through the fifty-fifth. The scientific presentations were splendid and the reminiscences of the Class of 1902 as presented by Dr. Thomas Duhigg and Dr. E. J. G. Beardsley and those of the Class of 1897 as presented by Dr. Leyton F. Appleman, were received with great interest.

The Alumni Clinics were held on Wednesday, June 11, 1952, in the Clinical Amphitheatre from 10 A. M. to 12:20 P. M. Seven members of the major faculty presented very interesting papers.

The attendance at both these programs was very good in spite of the fact that the amphitheatre was quite warm. The speakers on both programs deserve commendation for keeping their presentations within the time allotted to them.

JAMES M. SURVER, M.D.
Chairman.

HOSPITAL CAMPAIGN MISSES GOAL BUT BUILDING TO CONTINUE

With many adverse factors confronting the campaign for the New Hospital Pavilion, the drive has fallen substantially short of the public goal of \$4,500,000. Campaign workers at their final summer report meeting on June 26 reported a total of \$2,540,333. It was reported, however, that this total will be increased substantially through large additional gifts which it is hoped will be realized during the next two years.

Revelle W. Brown, general chairman, said that a skeleton organization would be maintained to follow up numerous firms and individuals.

Construction of the new hospital will continue, according to Percival E. Foerderer, chairman of Jefferson's board of trustees, who said:

"Although our campaign is now closed, as required by the time limit set by the Community Chest, we have the assurance of many of our friends that additional substantial contributions can be expected both this year and in future years.

"Furthermore, many others have expressed sincere interest in our project but require additional time to make a final decision.

"In view of this situation, the Board of Trustees at their meeting June 23, decided to proceed with the erection of this new pavilion so essential to the community welfare.

"There is now even a greater need than at the beginning of our campaign, for our waiting list has increased from 500-700 to over 900.

"The Board authorized the contract for the construction of the new building and have arranged temporary financing to cover the balance of cost of this \$6,000,000 hospital. Additional funds are also needed for equipment.

"However, the net income to be derived from the new building will be sufficient to pay the carrying charges on this indebtedness, so no additional financial burden will be placed upon the community.

"On all sides I have heard it said there has never been a more ardent group of workers. This also has been my personal observation and I feel this is my opportunity to thank you personally and on behalf of the Board."

Philadelphia has not witnessed a wholly successful major capital fund campaign since the depression and the Jefferson campaign has been no exception to this pattern. In this post-war period of many competing campaigns, numerous other major hospital projects in Philadelphia have fallen farther short of the goal than has Jefferson. Campaign leaders praised the excellence of the campaign organization numbering 1,650 workers and civic leaders who solicited some 13,000 campaign prospects. The Jefferson campaign was fully organized but had a limited period from December 15, 1951 to July, 1952 in which to conduct its campaign. In order to regulate to some extent the many appeals to the public, the Community Chest and the Hospital Planning Agency approved only this public period for the Jefferson project.

The contract for the superstructure of the new hospital building was recently awarded to Wark and Company of Philadelphia (the same firm which handled the construction of the Thompson Annex). This completes contractual arrangements, previous contracts having been awarded for the excavation, foundations and the steel.

The structure will cost more than \$6,000,000 when equipped and has been described by the architect, Vincent G. Kling, as including the most modern technical facilities. Construction will be resumed as rapidly as possible, it having been temporarily halted by the city-wide strike of the International Union of Operating Engineers. If construction can be resumed early, it is hoped that the building may be completed by the late fall of 1953 or early winter of 1953-54.

ADMIRAL JAMES L. KAUFFMAN, President of Jefferson Hospital and Medical College, receiving a check for \$88,989.11 from THEODORE R. FETTER, '26, Chairman of the Fourth Annual Alumni Giving Fund.

REPORT OF THEODORE R. FETTER, M.D. ALUMNI FUND CHAIRMAN

Fellow Alumni:

On behalf of the Alumni Annual Giving Fund Committee, I express our profound appreciation to the alumni, who contributed \$88,989.11 to the Fourth Roll Call. The generosity and understanding of the alumni body as a whole is a remarkable demonstration of your regard for our Alma Mater.

I feel also that all alumni will join me in the warm admiration I have for the extraordinary service performed by the Class Agents and their Associates. The hard work, unflagging inspiration, and generosity of those who carry the appeal to their classmates is something else that is distinctively Jefferson.

As all alumni will readily realize, the Fund fell below the \$100,000 mark for the first time this year. But I hope we can all regard this as a temporary circumstance applying this one year when the members of the hospital medical staff were setting a new record in giving for expansion and modernization of Jefferson Hospital. Many alumni on the hospital staff have maintained participation in the Alumni Fund at the same time they were extending themselves for the hospital project.

In the face of this and other added difficulties, all alumni may be proud of the continued outstanding showing made by our Annual Giving. In these first four Roll Calls a total of \$423,008.52 has been contributed for the support of our College — most of that amount for the support of teachers' salaries in the preclinical departments. We continue to rank well among the 170 collegiate Annual Giving Funds in the nation.

The record of clear-cut progress in the College during these recent years stems in many ways from the funds and the example provided by the support of alumni. The reports of the college departments, of the President, the Dean and the Trustees, recorded in the ALUMNI BULLETIN, attest to this progress.

It is important that this support comes directly from graduates, through our Alumni Association, to our Alma Mater. This expression of direct support has double values.

As we look ahead to the goals and responsibilities of the year ahead, I extend my thanks to all who had a part in this year's effort and bespeak your continued cooperation and support.

A MESSAGE FROM
MARSHALL C. RUMBAUGH, M.D.
PRESIDENT OF THE ALUMNI
ASSOCIATION

Fellow Alumni:

I am happy to extend congratulations to all of the alumni on the success of this year's Fourth Annual Giving Fund.

We have been very fortunate in having the devoted leadership of Dr. Theodore R. Fetter, '26, our Professor of Urology, as chairman of this year's Annual Giving Fund. His initiative and effort in leading the Class Agents in their fine work has continued the high level of alumni activity which is outstanding in results. The seventy-six Class Agents, mostly very busy physicians, are deserving of the highest praise and thanks of their classmates.

The excellent attendance at the Alumni Dinner and the many class reunions this year, can only be the manifestation of increasing Jefferson loyalty and an unmistakable expression of faith in the forward advance in the quality and prestige of our Alma Mater.

You all have my warm gratitude for your work and generosity in making this Roll Call a success.

Sincerely yours,

Marshall C. Rumbaugh

A MESSAGE FROM
DEAN GEORGE A. BENNETT

July 10, 1952

To All Alumni:

Dear Friends:

My heartiest congratulations to you upon the success of your Fourth Annual Giving Fund Drive. I am delighted with its results. It is most gratifying to know that you stand always ready to contribute to the needs of your Alma Mater and that you do this so generously.

To work with so loyal a group who have always the interest of the college so close to their hearts, gives me the greatest satisfaction and pleasure.

I find it hard to say how much this means to me and how deeply I appreciate your zeal and cooperation. Thank you sincerely. Each year I find more and more that I am one of you and that you are all my warm friends. It is a good feeling.

Cordially yours,

George A. Bennett

THEODORE R. FETTER, '26, Chairman of this year's Alumni Fund, presenting awards to M. C. RUMBAUGH, Class Agent for the Class of 1908 for leading amount — \$4, 872; COL. FREDERICK H. MILLS, Class Agent for the Class of 1894 for highest participation — 100%; and JAMES B. COX, Class Agent for the Class of 1951, largest number of contributors—111 gifts.

HONOR ROLL OF DONORS

The names of loyal alumni, faculty members and friends who have responded directly to the Fourth Roll Call are here listed in grateful appreciation. Their generous support has assured the continued success of the Alumni Annual Giving Fund and have immeasurably aided their Alma Mater in maintaining its leading position and prestige in medical education.

A photograph of great value is that of the first Society organized at Jefferson, The W. W. Keen Surgical Society. In the picture are DR. KEEN, DR. J. CHALMERS DACOSTA, and members of the society. It was taken — in 1892 — on the steps of St. Luke the Epiphany Church, then situated on the N. W. corner of 15th and Chestnut Streets in Philadelphia. Presented to the Alumni office by JOSEPH H. CLOUD, 1892.

AWARD FOR EXHIBIT

An exhibit entitled "Etiology of Varicose Veins" by Dr. Sherman A. Eger and Dr. Frederick B. Wagner, Jr. was awarded second prize at the Pennsylvania State Medical Society convention in Pittsburgh in September, 1951. This exhibit also received second prize at the New Jersey State Medical Society convention in Atlantic City, May, 1952.

JEFFERSON ALUMNI HOLD DINNER DURING THE AMERICAN MEDICAL ASSOCIATION CONVENTION IN CHICAGO, JUNE 11, 1952

Although there was a small attendance, the same Jefferson spirit was evidenced. David B. Allman, M.D., presided at the Speakers' Table. Dr. E. B. Montgomery gave a brief talk and showed a collection of pictures and articles on the early history of Jefferson. Dr. Montgomery is the oldest A.M.A. member still in active practice.

EX-INTERNES' AND EX-RESIDENTS'

SOCIETY

On June 9, 1952, the clinics of the Ex-Internes' and Ex-Residents' Society were held in the Amphitheatre of the Jefferson Medical College Hospital. They were well attended and the programs were exceptional in the material presented.

At the completion of the morning clinics a business meeting was held in the Amphitheatre. The following items were discussed:

1. In the future two ex-internes' and ex-residents' dinners would be held each year. The first dinner would take place late in March or early April after selection of the new interne class. The second dinner would be held at the usual time during alumni week.
2. The annual dues will be increased from \$1.00 to \$2.00 a year in order to help defray the cost of the spring dinner.
3. At the spring dinner for the newly selected internes, it was hoped that the attending hospital staff would participate to a greater degree in order to show their interest in the new interne class.
4. The nominating committee, consisting of Dr. Herbert Widing as Chairman and Edmund L. Housel and Charles Lintgen, nominated the following officers for the coming year. As President, Abraham Cantarow, '24; First Vice-President, James C. McConaughy, '14; Second Vice-President, John T. Eads, '26; Secretary-Treasurer, J. Wallace Davis, '42. These men were unanimously elected to office.

At the conclusion of the business meeting an excellent luncheon was held in the Student Nurses' Dining Room where the members of the Society were the guests of the Hospital.

The annual cocktail party and dinner took place in the Mirage Room of the Barclay Hotel. 126 members attended along with our guests, Dr. George Bennett and Dr. Hayward Hamrick. Dr. Edward Weiss, Clinical Professor of Medicine at Temple University School of Medicine gave the main address of the evening.

Those members who attended and were able to participate in the day's activities agreed that Ex-Internes' and Ex-Residents' day had been a successful and enjoyable day.

PAUL A. BOWERS, M.D.
Secretary.

OHIO CHAPTER

Ohio Jefferson Men Hold Dinner

May 20, 1952, at the Hotel Hollender in conjunction with the Ohio State Medical Association Annual Meeting. Twenty-eight alumni were present, but the doctors' wives also were there which made the attendance forty-six.

Drs. Marshall Rumbaugh, President of the Alumni Association, and Adolph A. Walkling, Past President of the Association, gave brief and interesting talks on what is taking place in and around the College, and a long period was given for questions which was followed by general conversation which carried on well into the night.

JEFFERSON ALUMNI — Ohio Dinner, Cleveland, Ohio,
May 20, 1952.

46 dinners were served to Alumni, their wives and guests; shrimp cocktail, roast beef, salad, meringues, etc., constituted the menu, arranged by DRs. "RUS" MCGINNIS '21 (Chm), LEON H. DEMBO '20, and others. 28 Alumni were present.

REPORT ON SOUTH AMERICAN CLINICS

DR. MARIO A. CASTALLO

Our trip to South America, February 16 to March 27, 1952, was made by air. The flights were from New York City to Port of Spain, Trinidad; thence to Rio de Janeiro, Brazil, on to Montevideo, Uruguay, to Buenos Aires, Argentina, to Santiago, Chile, to Lima, Peru, and finally to Miami, Florida, and Tucson, Arizona. The same trip in 1920 by steamer and train would have required three months.

In the cities of South America, the ordinary hospital patient is considered a ward patient. The private patients are usually taken care of in sanatoria, or in private clinics which are sumptuous. Each private patient has an extra bed or room in which one of the family or a friend may live with the patient for company. The suite usually has a sitting room and private bath, and the obstetrical suites have a room for the baby. These suites usually have two entrances, one for the family and friends and the other for the servants. Some of the clinics are run by Societies, some by Labor Unions, and others are owned outright as private hospitals by several doctors. The medical men are extremely well read, and are at least bi-lingual. English is usually well understood.

In the various major cities on our itinerary we visited the wards of hospitals, reviewed the teaching schedules at several University Medical Schools, and surveyed the clinical facilities. The departments of Obstetrics and Gynecology were completely separated in all of the schools we visited. We were shown every possible courtesy at the hospitals and universities, and often entertained by the doctors in their homes. In Sao Paulo, Brazil, and in the Santiago Clinic, Chile, I had the opportunity to present our work on the recanalization of Fallopian tubes and its clinical application.

In all of South America there are only five Jefferson Graduates: Dr. Rodrigo Franco, '26, Dr. Ned Raker, '35, both in Lima, Peru; Dr. Guy Campbell with the Institute of Inter-American Affairs in LaPaz, Bolivia, and Dr. Herberto Mereado, '20, also in LaPaz; and Dr. Albert Mertzner, '07, in Guayaquil, Ecuador. We were met at the Lima airport by Drs. Franco and Raker.

DRS. CASTALLO, '29 and FRANCO, '26, at the "Clinica Franco," in Lima, Peru.

DR. NED A. RAKER, '35, on the grounds of the Anglo-American Clinic at Lima, Peru.

One comes away from a trip to South America with the realization that American medicine is regarded as the best in the world. The South Americans we met held the United States in great esteem, in spite of the controlled press of some of the countries. It would be well for the solidarity of both continents if there were more of an exchange of internes, residents, and postgraduate students, as is being done between the European countries and the United States. Most Chileans and Peruvians feel the need of a visit to the United States to round out their medical careers, just as in years past we were anxious to make medical pilgrimages to Austria and Germany.

CLASS NOTES

- 1878 EDMUND B. MONTGOMERY, M.D., 134 N. Eighth Street, Quincy, Ill., writes:

"I wish to thank you most heartily for the message of congratulations sent me by you and other fellow alumni on the occasion of my 94th birthday.

The flowers accompanying your message were also very beautiful and most appreciated."

- 1880 WILLIAM H. ZIEGLER, M.D., 3127 Frankford Avenue, Philadelphia, Pa., sends a check for annual giving which is much appreciated. He has the honor of having graduated 72 years ago and was given a certificate at the Alumni Dinner June 11th. We were all glad to have Dr. Ziegler with us that night.

- 1886 JOHN J. RENDLEMAN, M.D., Cairo, Illinois, his daughter writes:

"Your charming letter congratulating my father on his 89th birthday and the bouquet of exquisite flowers from the Jefferson Alumni Association brought much happiness to him on July 15th.

We had arranged a bedside party with a brilliant birthday cake and your fine tribute, a big surprise to him that his beloved Alma Mater had remembered him so well, was indeed heartwarming and touching. You will be interested to know that my father practiced medicine continuously since his graduation from Jefferson in 1886, and no doubt his oath of Hippocrates was tucked in the saddle bags when he first served mankind via horseback in the hills of Southern Illinois. His office in Cairo was closed last March 1st after serving this community for 63 years.

He was always extremely proud of having been a graduate of Jefferson Medical College, and he watched its growth and progress assiduously.

He sends his warmest regards to you and to the members of the Jefferson Alumni Association and thanks you for your kindness and remembrance."

- 1887 FRANK L. SHAW, M.D., of Boston, Mass., writes, through his daughter:

"My father was deeply touched by your gift of lovely flowers on his 88th birthday. He wishes me to thank you so very much for your kind thought, and I can assure you that nothing would have given him greater pleasure."

- 1888 JOHN L. BOWER, M.D., of Birdsboro, Pa., writes:

"The simply gorgeous bouquet of flowers came to me last Saturday, July 12th, my 87th birthday. Flowers are food for the soul—or rather medicine for the soul. I fear the bouquet would fit in better for a bride rather than for an Old-Timer. But I love them and am most appreciative. I am a floriculturist of sorts and I glory in 'the pretty daughters of the earth and sky'. Too, I greatly appreciate the gracious congratulatory letter from Dr. Rumbaugh. I am happy to say that I appear to be wearing very decently despite the backlog of the many years. I am fairly active physically, and I hope mentally alert.

The latch string is on the outside of the door of my old house."

CLARENCE E. DOWNES, M.D., Bradenton, Fla., writes:

"Your letter of congratulations on my 86th birthday is greatly appreciated.

The biggest surprise was the most beautiful flowers."

- 1889 HARRY L. WALKER, M.D., Cedar Rapids, Iowa, writes: "Earlier this year I had planned to attend the Alumni Dinner, but because of an attack of Meniere's disease it has been necessary for me to close my office and retire.

I had 63 years in general and special practice, 53 years of which were here in Cedar Rapids as an eye, ear, nose and throat specialist. I had been associated with the Rock Island Railroad for 43 years and with the Northwestern Railroad for 30 years as oculist, aurist and examiner.

It was most difficult for me to give up my practice and my medical associations after all these years. Aside from this unstable condition, my health is remarkably good and I hope to enjoy many more years. Next year I hope to be able to go to Philadelphia for the Alumni Dinner and to meet some other members of the Class of 1889."

- 1890 ORAN A. WOOD, M.D., Paulsboro, N. J., writes:

"It was with great pleasure and surprise when your congratulatory letter and beautiful bouquet of flowers arrived on my birthday. I can't begin to tell you how much I appreciate your kind remembrance to one of your old graduates. I am enjoying very good health and hope in the very near future to visit the College and acquaint myself with the many improvements. Again my thanks."

HUGH TUCKER CHELF, M.D. of Culpepper, Va., through his wife, writes:

"Dr. Chelf wants to thank you and the members of the Alumni Association for your nice letter, also the beautiful flowers sent to him on his 85th birthday. He greatly appreciates being so remembered and in such a nice way.

He has been enjoying the flowers so very much and takes a great deal of pride and pleasure in showing them to all his friends. It appeals to him very much to be remembered after so many years and he looks back with a great deal of pleasure to his days spent at the Jefferson Medical College."

ARLINGTON G. HORINE, M.D., Brunswick, Md., through a member of his family, writes: "On behalf of Dr. A. G. Horine I wish to thank the Alumni Association of Jefferson Medical College for the very lovely flowers received on his 90th birthday."

- 1891 BARTON L. BROWN, M.D., H-246 Henly Road, Penn Wynne, Philadelphia 31, Pa., sends a note to Dr. Gibbon with his check for Annual Giving and says he is retired and is now 87 years old.

FRANK S. BEALE, M.D., '92 and "Queeny"

- 1893 AMOS W. BOTKIN, M.D., Oregon City, Oregon, writes: "Your kind letter of June 13th was just received as was also a lovely basket of roses, for both of which please accept my thanks."
- 1894 JOHN S. MCCELVEY, M.D., Temple, Texas, writes: "Your Eighty-second Birthday congratulation was received on date and was highly appreciated. Flowers to the living give more lasting pleasures than flowers on the grave. My lot has been cast in far distant parts of the country. Yet I often think of my college days and my professors and classmates, most of whom have passed on. Upon receipt of my A.M.A. Journal, the first thing I look over is the death page to see if any of the remaining have recently died. However, I never think of that in regard to myself. I always think of living and I am glad to say I have been blessed with a strong constitution and very little illness during my life."
- 1896 BENJAMIN LEE GORDON, M.D., 6917 Atlantic Avenue, Ventnor City, N. J., has written his memoirs which has been published by the Bookman Association, "Between Two Worlds".
- AUGUST J. KORHNAK, M.D., 15 Fairview Road, Pittsburgh 21, Pa., writes: "Many thanks to you and the Alumni Association of Jefferson Medical College in remembering me and extending your kind wishes on my birthday."
- 1897 SAMUEL W. BOREN, M.D., Poseyville, Ind., writes: "I received a fine greeting from you on my 85th birthday. It was more than a greeting—it was a fine letter expressing honest to goodness heartfelt wishes. Then a second surprise came—a beautiful token in flowers from the Alumni Association of Jefferson Medical College. The flowers are now faded but the memory will always be fresh."
- EDWARD H. WIGGINS, M.D., Philadelphia, Pa., writes: "Thank you so much for the lovely flowers you sent me on my 86th birthday. Nice of you to remember me in my old days."
- 1901 FRANKLIN M. NICE, M.D., of Hamburg, Pa., writes: "Just got back from Miami, Florida. Am now retired and am happy that I can pass my time reading and in the company of a host of friends and ex-patients. It is my greatest compensation. I was Burgess from 1905 to 1907; 15 years on the Board of Health and 15 years on the School Board. My Great-grandfather was Benjamin Nice, M.D. My grandfather was Franklin B. Nice, M.D. My father was Benjamin Nice, M.D. I am the last of an institution of M.D.'s. All practiced in Hamburg and I think all but possibly the oldest were graduates of Jefferson. My uncle was the Nice of Philadelphia and his daughter endowed a bed in Jefferson Hospital. Dr. George Nice and Dr. Harry Nice were also from Jefferson. We had a great faculty and a great class of which I am supremely proud."
